Land Use Tour and Supper: You can choose what you want to see by selecting from one of three different land use tours! Each three-hour bus excursion will show you what makes Baltimore one of the best destinations for understanding urban redevelopment. Exploring this City will give you valuable insight in to the successful techniques for revitalization of communities and repurposing existing architecture, such as capitalizing on your municipal gems, like expansive waterfront or world- class universities. At each stop, a developer will be on hand to discuss the challenges and impacts of the project. See how green building techniques can create a thriving urban area with attractions, restaurants, shops, and spaces that appeal to residents, tourists, and businesses alike. At the conclusion, all three tours will end at **Clipper Mill**, an innovative green community established on the site of a historical manufacturing area, to enjoy supper before returning to the Baltimore Hilton. You will be taken to the **Woodberry Kitchen** in Clipper Mill for live music with terrific Woodberry Kitchen supper and beverages around the fire pit. The Woodberry Kitchen <http://www.woodberrykitchen.com/> is a renowned restaurant that had two semi- finalist nominations from the James Beard Foundation in 2013, including a nomination for their Chef, Spike, as the Best Chef for the Mid-Atlantic Region! **The Woodberry Kitchen** prides itself on farm to table local specialties. Sit back and relax as you conclude your day enjoying braised beef with house made sour cream, yukon gold potato salad, seasonal vegetables, vegetarian chili and cornbread.
