Niagara Bound Tours was established in 2004 by Lezlie Harper. Lezlie started her work career in tourism as a busgirl. Over the years, that interest in tourism never waned.

After many other careers, Lezlie returned to tourism. Being a Black Canadian, she saw that there was a tourism product that wasn't a part of the regular tourism offerings of Niagara so she decided to formally open Niagara Bound Tours to increase the world's awareness of this rich history.

Lezlie worked for twelve years in the wine industry so has a huge network of people to do not only the Niagara Scenic tours but wine tours as well.

Four tours will be offered on tour days. A description of them will be made available at the Washington, DC conference then will be online for sign up.

Niagara Bound Tours' team looks forward to showing off our beautiful area with all it has to offer to you during your visit.

Should you be interested in other destinations such as Finger Lakes, Montreal, etc please contact me directly.
