

Niagara Falls Scenic Tour

Enjoy this wonderful act of Nature, up close & personal!

Many marvel at how close Canada and the United States are to one another and the view of the falls is wonderful proof from the Canadian side. Your tour begins with a movie about the falls at the IMAX theatre. After seeing the movie, you will have a narrated commentary along the beautiful Niagara River. Sir Winston Churchill once said that this is the most beautiful Sunday drive in the world. You will have the chance to visit his historical plaques or even scale the Brock monument.

Lunch will be at the Queenston Heights restaurant overlooking the Niagara river with views of both the Canadian and U.S. sides. After lunch, you will visit one of Niagara's hidden gem galleries. It is the Riverbrink gallery. The Canadiana art and artifacts of this gallery are a point of pride for those of us that live in the area.

Next it is time to visit Niagara on the Lake. This lovely little town was the first capital of Canada. At that time known as Newark. Fort George is a great site to visit, especially during Canada's 150th Celebrations and is a one of our National Parks. Other's might want to stroll the main street to shop or to purchase an ice cream cone. On the way back to the hotel, it will be time for a Niagara Falls must-do experience: The Hornblower boat ride.
