

USE OF DRONES AS FIRST RESPONDERS

Lt. Abrem Ayana, Brookhaven PD (GA) & City Attorney Chris Balch, Esq.

CITY OF BROOKHAVEN, GA

- Northeastern Suburb of Atlanta
- DeKalb County, GA
- Approximately 12 Square Miles
- 60K+ Residents
- Early Adopter: City-Wide ALPR Tech & BWC
- First Agency in GA to deploy Live911

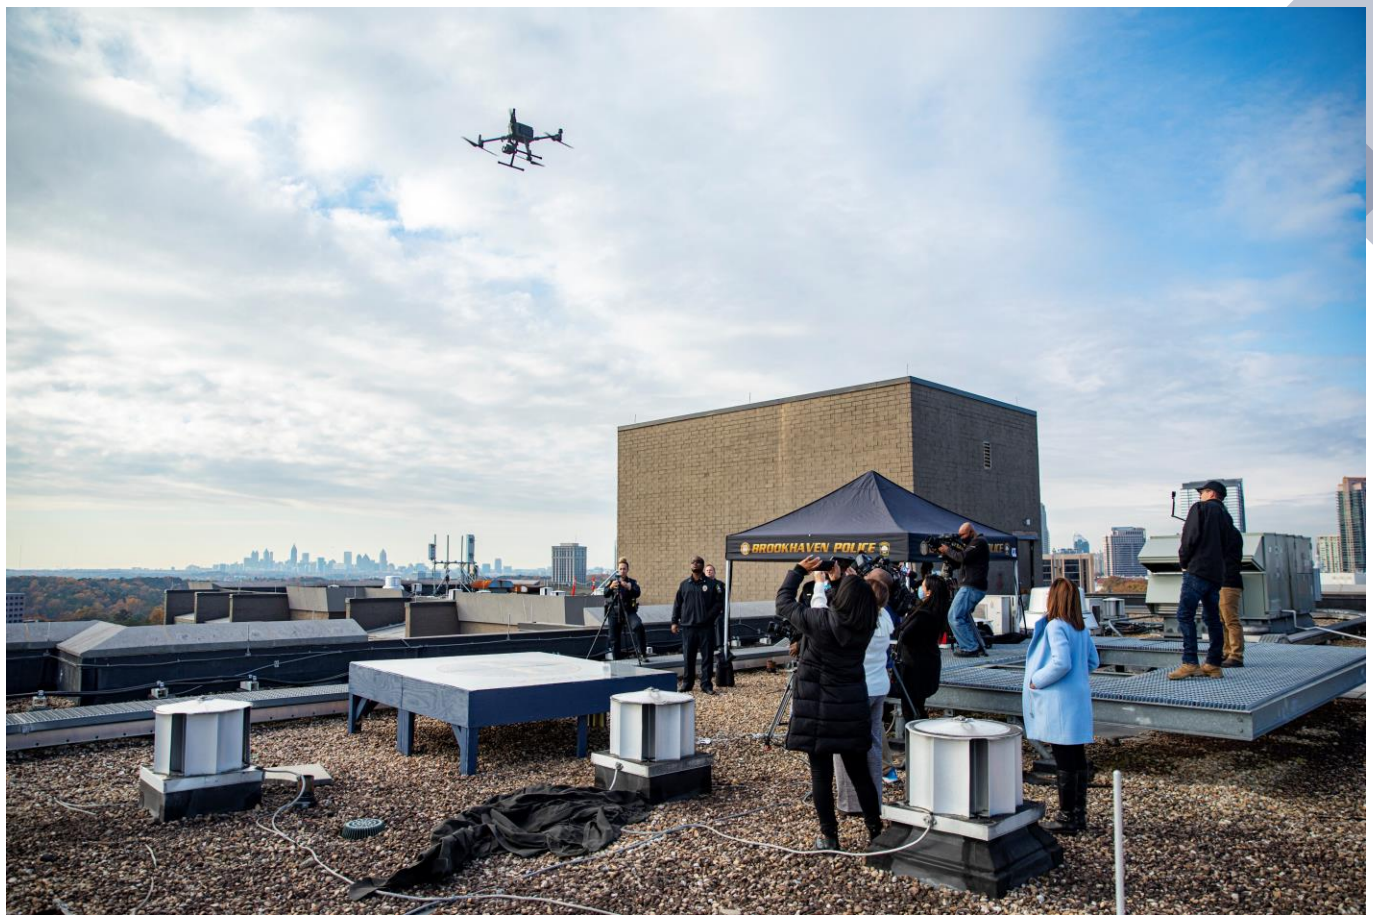

WHAT IS DRONE FIRST RESPONDER?

WHAT IS DRONE AS FIRST RESPONDER?

- Concept pioneered by Chula Vista, CA PD in late 2018.
- Drones are pre-positioned at launch locations throughout the city.
- Launch locations are strategically placed in the areas with the highest call volume.
- Launched to 911 calls for service or known events and are not used for random patrols.

WHAT IS DRONE AS FIRST RESPONDER?

- Average response time is under two minutes.
- Drones are remotely operated by trained first responders who assess situations in real time.
- It limits the need for officers to have contact with citizens who are not engaged in criminal activity.
- Provides updates to concerned personnel on the ground allowing drone technology to be used as a de-escalation tool.
- BPD began deployment in April 2021.

DRONE AS FIRST RESPONDER

- Responded to over 1000 calls for service since inception.
- Average response time is under 150 seconds.
- Drone responds if Teleoperator determines a reported or known incident can be aided by Aerial Intelligence/Decision Quality Data (DQD) and fits certain criteria:
    - Has a potential for officer safety concerns.
    - Is a crime in progress.
    - Is an incident involving a threat or a reasonable potential threat to human life.
    - Is an incident involving fleeing subjects.

RESPONSE TIMES

KEYS TO SUCCESS

STAKEHOLDER ENGAGEMENT

- Key to the successful launch of this program was the support and involvement of the City Attorney. The City Attorney sparked collaboration with:
  - DeKalb County DA Sherry Boston & Executive staff.
  - ACLU of Georgia
  - Chula Vista (CA) City Attorney
- Collaboration was key to developing department policies.

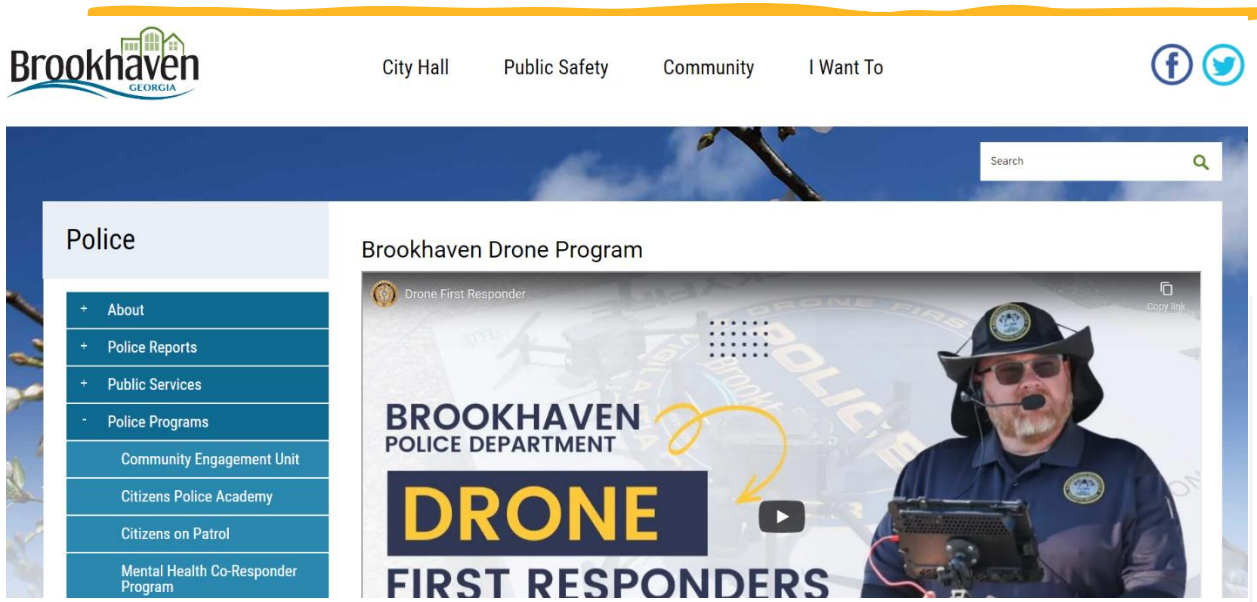

POLICY HIGHLIGHTS

- Video of non-criminal incidents are retained for 30 days within a cloud-based server before automatically purging.
- Restricts use of vision enhancement technology to areas where there is no privacy interest unless there is an exigent circumstance or warrant.
- Requires all pilots to have a Remote Pilot Certificate (Part 107)
- Pilots must maintain a currency of three actual or simulated missions every 30 days.

PROHIBITIONS

- The UAS video surveillance equipment shall not be used:
  - To conduct random surveillance activities.
  - To target a person based solely on individual characteristics, such as, but not limited to race, ethnicity, national origin, religion, disability, gender, or sexual orientation.
  - To harass, intimidate, or discriminate against any individual or group.
  - To conduct personal business of any type.
